Recreation Area Proposal Studied at Meeting Monday

At a meeting in Drayton Valley Monday plans for a proposed Recreation Area were discussed with representatives of a variety of municipal governments present to hear details as they exist to date.

Stony Plain Municipal District has had the plan under study for about a year with representation from Drayton Valley present at meetings during the past two months.

The plan, as outlined at Monday's meeting, proposed creation of a Recreation Area embracing the Stony Plain Municipality, L.I.D. 77, part of L.I.D. 78, part of the counties of Leduc and Wetaskiwin, and towns and villages that include Drayton Valley, Lodgepole, Entwistle, Stony Plain and Spruce Grove. The parts of Leduc and Wetaskiwin Counties cover the areas close to Drayton Valley on the western end of the counties' boundaries.

Present at the meeting to describe the government grant set-up and advantages of the large recreation area was Jack Moore of the Provincial Department of Youth.

To date committees have been set up to study administration, boundaries and budget.

The budget committee has estimated a rough expenditure of \$112,000 a year with government grants bringing this total down to about \$56,000 to be requisitioned from participating municipalities. The chairman of the budget committee emphasized that the budget proposals were rough estimates and noted the difficulty in establishing accurate figures at this stage of the undertaking.

Mr. Moore noted that proposed Recreation Area set-ups are being studied in several parts of the province and are operating now in others.

Johnson, Smith Elected

Only 201 of the Town's eligible voters cast ballots in last Wednesday's by-election to fill two council seats.

Ronald B. Smith was elected for a one and a half year term and Thomas W. Johnson for six months to fill vacancies created by the resignations of Brian Gooding and Al Chesterman.

Mr. Smith received 125 votes, Mr. Johnson 105, Mr. Alexander B. Zubot 83, and Mr. John L. Wronko 77. There was one rejected ballot.

The 201 voters represent about 15 percent of the 1500 eligible voters. However, many are non-resident or otherwise unavailable and the number of actual voters in the community would likely be in the neighborhood of 1,000.

Officers of the Royal Canadian Legion are shown following the installation ceremony last Tuesday evening. From left to right are Bud Ball, President of the Drayton Valley Branch, Steve Craddock of Edson, Zone Commander, Jerry Donovan, Executive Committee of the local branch and Alex Bayrack, District Commander.

Council Names New Committees

At the regular meeting of Town Council held last Thursday morning newly-elected Councillors Thomas W. Johnson and Ronald B. Smith were administered the oaths of office by Secretary-Treasurer William G. Johanneson and welcomed personally by members present.

First item of business for Council was the appointment of standing committees for the balance of the year by Mayor Robert Findlay.

Committees named are as follows with chairman the first named in each case:

Finance & Personnel--Mary Burrows, Norman Swendsied, and Thomas Johnson; Development and Publicity--Ronald Smith, William Rose, Henry Shimbashi; Public Works and Utilities--Norman Swendsied, Henry Shimbashi, William Rose; Police, Fire and E.M.O. Thomas Johnson, Mary Burrows, Ronald Smith; Public Welfare and Health--Henry Shimbashi, Thomas Johnson, Mary Burrows; and Recreation and Community Services--William Rose, Henry Shimbashi, and Norman Swendsied.

Appointment of the Deputy Mayor for the balance of the year will be made at the next meeting on Thursday, February 22nd.

Ratepayers' Meeting Monday

Residents of the community are reminded that the annual Ratepayer's Meeting will be held on Monday, February 26th at 8:00 p.m. in the Council Chambers of the Town Hall.

The auditor's financial statement for the year ending December 31st, 1967, has been printed and copies are being distributed this week.

COUNCIL BRIEFS

Councillor W. Rose presented the proposed agreement between the Lions Club and the Recreation Board of Town Council regarding the West Valley Park. After hearing the report, Council decided that the proposal be analysed by the Recreation Committee and the town's legal counsel if felt necessary.

The suggestion that an Industrial Development Board to work under the Industrial and Development Committee was considered but no action taken at this meeting. The board envisaged would be constituted along the lines of the Recreation Board.

Councillor Norman Swendsied, Chairman of the Public Works Committee, reported his findings following a study of the Public Works Department.

He recommended the employment of an engineer to take over Public Works and Waterworks capable of attending to administration, direction and engineering. He felt that a qualified engineer could be obtained at a salary of from \$8,500 to \$9,000 a year.

It was noted that a large part of a town engineer's salary would be recovered in reduced engineering fees and other savings effected by having work laid out and planned by a graduate trained in this field.

Council approved the suggestion and negotiations for the

Elementary Students Receive Centennial Athletic Awards

Students from grades one to four received Centennial Athletic awards at an assembly in the Drayton Valley Elementary School last Thursday afternoon.

The awards program was carried out during the Centennial year in schools across Canada with competitions in a variety of events. The different colored crests indicate different levels of achievement with Gold the highest.

The others in order of merit are Silver, Bronze and Red.

Weather interfered with some events and when all were completed and the lists compiled the supply of crests had been exhausted and the presentation delayed to last week.

Mayor Bob Findlay was a

special guest during the presentation of awards which was performed by Dave Ellery, a member of the David Thompson canoe team that took part in the Centennial Canoe Pageant from Rocky Mountain House to Montreal during the summer.

Recreation Area Proposal Studied

Continued from Page 1

The large recreation areas, it was stated, are in a better position to attract well qualified professional directors which are in short supply and would give people living outside the larger centres the services of recreation guidance which they do not now enjoy. The grant situation is

also reported to be more favorable under the large area set-up.

About 18,000 people live in the area encompassed by the proposed boundaries.

In the matter of location of the administration office the meeting bogged down temporarily. Stony Plain and Drayton Valley have both been suggested as headquarters sites.

Advocates of the Drayton Valley site noted that a recreation program was already functioning successfully under professional guidance here and it would be a simple operation to switch from a town to a larger area operation. Stony Plain support suggested that community was more favorably located in the centre of the area.

It was pointed out that the large area would require a recreation director and possibly two assistants to serve the district envisaged.

The meeting adjourned with representatives to return to their respective municipalities with the proposals outlined and return to the next meeting prepared to make definite commitments. The next meeting is to be held on Tuesday, March 19th in Entwistle.

The Cubs and Scouts Annual Father and Son Banquet will be held at 6:30 p.m. on Thursday, February 22nd at the Elks Hall.

the employment of an engineer will go ahead.

Mr. Jack Thomas attended the meeting to discuss the dog problem and methods of control.

It was pointed out to Mr. Thomas that a "blitz" is planned to eliminate many of the homeless dogs and it was expected that normal law enforcement would then be sufficient to maintain control.

Mr. Thomas was to look into the matter of bonding for the dog catching job and attend the next meeting.

Health Hints

from
THE CANADIAN MEDICAL ASSOCIATION

STOMACH ULCER
The stomach is the subject of more complaints than any other part of the body. It is understandable that there is a great deal of confusion and speculation about the symptoms and causes of stomach ulcers.
Stress, worry, fatigue, poor

eating habits and the other known causes are certainly contributing factors in the development of an ulcer. The Canadian Medical Association says, the key, factor, however is usually an excessive amount of hydrochloric acid in the stomach. This produces the symptom of pain, heartburn, nausea and vomiting. Many people experience these symptoms without having an ulcer. The excess of hydrochloric acid in the stomach may only be producing inflammation.
An ulcer is a small hole in the lining of the stomach, or more often in the lining of the duodenum, which is that portion of the small intestine that follows directly after the stomach.
The C.M.A. advises that when the symptoms persist the person should see his doctor for an examination and advice regarding further tests and x-rays. The doctor will give advice regarding proper diet and drugs for treatment. Ulcers should not be neglected, even if the discomfort is small, because of the dangers of hemorrhage and perforation.

Legislature Report

By Tony Cox

It seems ironic that Premier Manning should suggest that the 16th session of the Alberta Legislature might be dull and routine and one that deals mainly with tidying up of current programs.
That's what the Social Credit Government might want but they are quickly learning that they are dealing with political scene-stealer. Even on the opening day when the Lieutenant Governor reads the Speech from the Throne, it should be the government's day. But not this year.
With political aplomb, Opposition Leader Lougheed suggested a member of his side of the House, be Chairman of the Legislature's public accounts committee. Stated the Tory boss later, "We want to prove right from the start this will be a different sort of Legislature".
Peter Lougheed refers to the Opposition as a team, and this was evident even as they were sworn in as MLA's by Lieutenant Governor MacEwan. Right on the appointed time, 10:30 a.m. the Opposition arrived en masse. With them were Liberal chief Maccagno, deeply sun tanned after a holiday in Hawaii, Calgary Glenmore's Dickie, Edson's Switzer and the lone independent, Clarence Copithorne.

On the other hand, the Clerk of the Assembly, Bill Macdonald had earlier been chasing around the building trying to corral government members.
While members of the Opposition described the speech from the throne as "vague, unimaginative and disappointing", it quietly told of the progress being made in Alberta and how the human and physical resources are being developed.
It expressed awareness of the problems of housing and how the Alberta Housing Act must be revised; how the Municipal Act must be up-dated; it stressed the importance of tourism and higher educational opportunities as part of the total concept of human resources development; hydro power under the Alberta water conservation plan; revision of the Fuel Oil Tax Act; a general re-distribution of electoral constituencies because of a shift in population; extension of crop insurance and the integration of Indians with Reserve status into the elementary and secondary school system.
There are many areas which the throne speech didn't include, especially the fiscal policies but these will be presented when the Treasurer, Mr. Aalborg brings down his budget.
Lee Leavitt, (SC-Calgary-Queen's Park) who opened debate on the throne speech took exception to the growing welfare state of Canada saying the womb to tomb society is destroying man's initiative,

opportunity and responsibility.
Lampooned Mr. Leavitt reading the Psalm of the Welfare State. "The Government is my shepherd, I need not work. It alloweth me to lie down on a good job; it leadeth me beside the still factories. It destroyeth my initiative; it leadeth me in the paths of the parasite for politic's sake. Yea, though I walk through the valley of laziness and deficit spending, I shall fear no evil for its doles and its vote-getters they comfort me. It prepareth an economic Utopia for me by appropriating the earnings of my grandchildren. It filleth my head with bologna; my inefficiency runneth over. Sure the government will care for me all the days of my life and I shall dwell in a fool's paradise forever".
It was a well-prepared speech but part of its sting was removed by the preceeding 40-minute barrage of rapid-fire questions from the Opposition side of the House.
The Conservatives asked 22 verbal questions Friday, filed 63 motions for return, 23 resolutions and 62 written questions.
The Liberals will file 12 notice of motions and this usually leads to debate in the House while a request for returns demands a written answer from the government.
Opinioned Mr. Lougheed, a graduated scale of homeowner grants will help persons with lower property tax assessments get higher tax discounts. He also wants the province to assume a greater share of the School Foundation program.
Other questions needing answers by the government are proposals for a ten year development of Northern Alberta, a Civil Legal Aid Plan, a demerit system for drivers violating the Highway Code, the take-over of Jasper, Banff and other townsites in national parks and construction of more grain handling facilities at terminals on the West Coast.
Warning signals of government spending cutbacks and austerity measures surfaced last week when Health Minister Ross confirmed a freeze on planned hospital and nursing home projects in Edmonton, Edson, Stettler and Wainwright.
Education Minister Reiersen explained a suspension of a second university campus for Edmonton because of a complete study being made of post secondary education.
Probably upcoming this week is an announcement relating to revision of Alberta's oil policy and next week of course, is the budget. So any thoughts of a dull and uninteresting session have been quickly dispelled.
There could easily be some night sessions if prorogation is to come by Easter. Liberal Maccagno thinks two weeks beyond Easter.

Sitters Training Course Underway This Week

A Baby Sitters' Training Course, sponsored by the Drayton Valley Oil Wives Club, will get underway this week. Due to the tremendous response shown it has been found necessary to hold two courses with two classes being held during each course.

The first set of classes will be for only those girls and boys who will be 13 years of age or over by February 29th, 1968 and the 11 and 12 year old children will register for the second course at a later date.

The students registering for this first course will do so on Thursday, February 22nd at 3:45 p.m. in Room 1 (use west door) in the Drayton Valley Junior High School. There is a 50¢ registration fee which will help to offset the cost of notebooks and materials to be given the students and this fee must be paid when registering.

The course is seven weeks in length and students may select either Monday or Friday from 3:45 to 5:15 for their class. However, this is on a first-register, first-class filled basis. All classes will be held in the Junior High School.

Those students choosing the Friday class will begin the course on Friday, February 23 at 3:45 and the Monday class will commence Monday, February 26 at 3:45. There will be no class Friday, March 1st due to Teacher's Convention and the course will be completed the week before Easter holidays.

Each girl or boy registering will receive a parent consent form which must be signed and returned at the first class.

COURSE REQUIREMENTS
To complete the course successfully and receive a graduation card and diploma, each student must comply with the following requirements.

1. A Record Book which will be supplied to the students, must be kept during the course based on the subject matter covered in the lectures. The purpose of the record book is to provide reference material to which the sitter can later refer, as well as to illustrate to the course leader that he or she has understood the course content. The record book will be marked and a percentage of marks for the course allotted to it.

2. A final examination must be passed. A percentage of the total allotment of marks will be given to the examination.

3. Enrollees cannot be absent from more than two classes.

4. Each enrollee must spend six hours as a mother's helper

with a person other than her own mother, looking after children, without pay, and receive a recommendation from the mother on a form which will be provided.

Each child completing the course will receive a diploma stating that the course has been successfully completed. However, to receive the wallet graduation card which implies a recommendation to parents, a child must be 13 years of age or over.

6. On the 13th birthday, the graduate will receive a wallet card automatically.

7. This course may be taken in order to qualify for the Girl Guide Child Card badge and other Girl Guide badges.

For further information, contact Mrs. Marilyn MacLean at 542-3824 or Mrs. Lil Ross at 542-3481.

Rose Rink Advances To Finals

Billy Rose skipped his Drayton Valley rink to championship in the Zone 16 Senior Finals at Seba Beach last Saturday and Sunday.

By virtue of the weekend victory, the Rose rink now advances to the Northern Alberta championship to be held in Edmonton on February 27th, 28th and 29th.

Other members of the rink were Bill Dane, third, Ed Sandlerlin, second and Fred Raven, lead.

Four teams took part in the weekend playoff representing the towns of Spruce Grove, Stony Plain, Seba Beach and Drayton Valley.

FROM THE BIG COUNTRY... Alberta

Backwoods Engineer

In all the flag-waving and drum-thumping of Centennial Year, it's hardly surprising that nobody thought to salute that familiar symbol of Canada — the shy and industrious beaver. Yet here in Alberta, we owe the beaver particular acknowledgement, for it was the lure of his rich pelt that drew the early fur traders west, and for many years, beaver skins provided the mainstay of our economy.

At first sight, the beaver doesn't much look like a father of industry... or does he? Decidedly chunky, weighing between thirty and forty-five pounds, he has a blunt round head which peers nervously from a heavy coat of dark brown fur. He has a habit of grinding his teeth, which are large, chisel-shaped and yellow. Failing this, he chomps on a stogey of alder wood. Handsome, he certainly is not. But while his looks could only possibly endear him to another beaver, his talents and his industry have earned man's admiration for centuries.

There are so many tales of the beaver's engineering skill that after a while it becomes impossible to separate fact from fancy. In the early 18th Century, for instance, it was commonly accepted that beavers built their dams rather like slaves at a pyramid; some felling trees, others carrying short branches over their shoulders, while special teams mixed mortar, transporting it to the neatly squared dam on their tails — all the while walking on their hind legs like humans.

Old Tales

As late as 1897, one account lauded the beaver's talents as a woodsman. The beaver, it was claimed, was so expert at felling trees, that never would he let one fall to lodge on other trees. Always, the tree would come right down — and always towards the water. Then, "with those sharp little teeth of his," the beaver would cut the timber into manageable lengths. Contemporary studies say this is pure exaggeration. Most beaver-felled trees, they say, simply fall the way they happen to lean — and if the cut tree lodges on another, it never occurs to the beaver to gnaw both down.

Furthermore, say modern naturalists, that old tale about the beaver slapping the ground with his tail to cry, "TIMBER!" isn't true either.

Be that as it may, nobody can deny the beaver's instinctive engineering skills, there for all to see in his dams, canals and lodges. As soon as beaver enter a new area, they start to build a remarkable inter-dependent complex; a community home, guarded by a dam and supplied by wood-transporting waterways.

At the edge of water suitable for damming, they commence a huge family home; an igloo-like structure of interlaced sticks and branches bound by mud.

As work progresses, the dam is started also — so that the lodge is gradually covered by water and the entrance is submerged. Inside, the animals live on a raised platform, comfortable on a surface of dry tree shavings. The walls of the lodge are in the region of eighteen inches thick and their height is as much as eight feet from the lake bottom. Interiors extend to six feet in diameter.

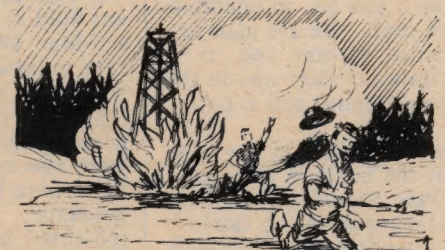

Beaver dams are equally ingenious, having been recorded in heights of up to twelve feet and in astonishing lengths.

Often maintained through several generations of beavers, they are continually added to and improved. It has been said that if the beavers' lodge is endangered by flooding, they will break down part of the dam to reduce the water level. Such instinctive reactions made them easy prey for the early hunters, who would damage the dam, then lie in wait.

Beavers are still hunted in northern Alberta, though nowadays with greater recognition of their role in creating fertile water meadows. In southern Alberta, they can frequently be seen in such protected areas as Banff, Jasper and Waterton Lakes National Parks.

The Hat's where it's at

Ever since Captain Palliser, back around 1860, reported the Medicine Hat area as unsuitable for settlement, the locals have been proving him wrong. The good captain, of course, was not to know of the coming developments in irrigation which were to turn the then arid prairie into some of the most productive farmlands in the province. He didn't know either that, just 600 feet below his bootheels lay a deposit of natural gas so vast as to defy the imagination.

Instead, Palliser retired with distinction to the pages of history and it remained for an unknown railway worker, some twenty years later, to make the discovery that brought the big boom to "The Hat." In 1883, the C.P.R. was drilling for water at what is now Alderson when the probing screw struck a gas pocket. The gas ignited fiercely and — there being no water around — the drilling rig was burned to a cinder.

Apart from mourning the loss of the drilling outfit, nobody did much about the find at first, although certain quantities of gas were tapped for heating purposes. Then, in 1891, a whiff of that far-off smoke somehow got to the nose of C.P.R. President Sir William Van Horne, a forward-thinker if ever there was one. He offered the town the use of a drilling rig if it would look for gas — and the subsequent bonanza was beyond all expectations.

Today, Medicine Hat sits on top of gas reserves in excess of 730 billion cubic feet; a city-owned storehouse that attracts growing businesses like a magnet. Irrigation has turned Palliser's desert into lush farmlands yielding crops of peas, corn, potatoes and sugar beets, while surrounding ranches are among the largest in the Commonwealth.

And as if all that weren't enough, this once "uninhabitable" area boasts the lowest taxes in Alberta.

Veterinarian to Address Club

A meeting of the Alder Flats Beef Club was held February 9th with thirteen members present. Plans were made for a bonspiel held February 17th with rinks from Mount Butte, Maywood, Winfield and Alder Flats competing.

Plans were also made for the next meeting on March 8th when Dr. Don Kreycik of Drayton Valley will be guest speaker. Dr. Kreycik, a veterinarian, will also show slides.

Also scheduled for the meeting will be addresses by four club members participating in a public speaking contest.

A man walked into a psychiatrist's office with a chicken on his head.

"You need help," the doctor said.

"You bet I do," the chicken replied. "Get this guy out from under me!"

EVANSBURG

MRS. M. BRUNER,
Correspondent

Sorry to have missed writing this column last week, but having to sit around doctors' offices and X-ray departments just didn't inspire me to write anything. However, everything is back to normal, now or as near as it can be, so deadlines can be met. We are glad to report that our son, Lee, is back from his short stay in the Drayton Hospital and is now fine.

The Styal local of the FUA met at the home of Mr. and Mrs. Pete Kremeniuk for their February meeting. A fairly large attendance was reported and lively discussions took place.

First and foremost to be discussed was the FUA rally for sub district 5 to be held in Wildwood on March 29th. This is to be in the form of a pot luck supper with every family bringing their favorite dish and is to begin around 6 p.m.

The supper will be followed by talks on various problems of the farming enterprise and guest speaker will be a representative of North West Utilities, Rural gas division. This should be of interest to those farmers thinking of burning natural gas.

Also coming in for much lively discussion will likely be improvements desired on the road leading north of Highway 16A just north of Styal corner.

The local now reports having 28 members and a meeting of the executive and canvassers will take place on the 16th to discuss ways and means of recruiting new members.

A very lovely bridal shower was held at the home of Mr. and Mrs. Ed Shuster on the 11th to honor Mr. and Mrs. Ed Tucker who were married recently. At one point in the proceedings (when the men were also in for their coffee) there were forty people in attendance. Ed and Lindsie were presented with many useful gifts from their friends wishing them good luck. After the gifts were opened, lunch was served and Mr. and Mrs. Tucker served each guest present with a piece of wedding cake.

Several parents and their 4-H children attended a film sponsored by the Entwistle 4-H Clothing Club on the 14th. A good crowd attended the showing and lively discussion took place following the film. The girls served lunch after the film and discussion were over.

The Agricultural Society held their February meeting at the home of Mrs. Mae Payne on the 14th. Sorry not

to have more to report on this but hope to contact the Secretary for news of what went on before next week.

The Wolf Cub pack took up their ice fishing gear and went forth to high adventure on Lake Isle on the 10th. Though many holes were bored through the ice and the fish had been reported to have been in a hungry mood, none were caught. However, snowball fights and skidoo rides compensated for lack of co-operation from the fish. The Cub Pack and the Scout troop are having a pot luck supper to be held on the 22nd of this month.

Also being held this month is the annual firemen's ball and midnight dinner. This will take place on the 23rd and tickets are available from any of the Volunteer Fireman. Be sure to come and enjoy yourselves and support these men in their fire protection activities.

To be seen around the Bert (H.A.) Hutchinson home are the first signs of spring in the form of four lively lambs who made their appearance even before Valentine's Day had arrived. Also to be seen at the same place is a late model car which the Hutchinson's have recently acquired.

We are glad to report that Gilbert Getson of Chip Lake who was injured recently in a highway accident is now home from the hospital and Ed Barnhardt who was injured in the same accident is progressing favorably, though still hospitalized.

Rotary Club Ladies' Night Held Wednesday

Members of the Drayton Valley Rotary Club and guests enjoyed a Ladies' Night in the Cardium Room last Wednesday.

Special guests for the evening were Mr. and Mrs. W. Kruger, parents of Carole Kruger who attended the Rotary's "Something for Young Minds" project in November and members of the executive of the In Crowd Teen Club which functions under Rotary sponsorship. The three executive members present were Rick Bright, Cheryl Smith and Jean Simon.

Miss Kruger was an interesting guest speaker for the evening and gave a clear and well delivered account of her trip to Lethbridge in November where she joined young people from across the province in visiting points of interest as guests of the Lethbridge Rotary Club.

"Something for Young Minds" is an annual undertaking by the Lethbridge Club in co-operation with clubs who have young people attending and who help to share in expenses involved in getting the selected students to Lethbridge where they are billeted in homes of Rotary members for the weekend.

A surprise feature of the evening was the presentation of a large cake to astounded Rotarian Harry and Ethyl

Zolmer who were celebrating their anniversary that day. They expressed their thanks to Rotary members and all present enjoyed the cake.

The executive expressed its thanks also to Rotarian Barney McGlone who instigated and arranged the surprise.

Following the dinner meeting dancing and a social evening was enjoyed.

Air Cadets Inspected

F/Sgt. S.S. Green DCI (Air) attended the February 15th parade to inspect and address the local air cadet squadron (#733).

The evening's agenda concluded with Sgt. Green delivering a stimulating lecture on responsibility, appearance and the achievement of individual goals in respect to every Cadet doing his utmost to take full advantage of the opportunities open to him.

It is announced by the Honourable A.R. Patrick, Minister of Industry and Development, that Alberta regulation 406/60, the General Code of Fair Competition and Business Practices, is to be rescinded.

The removal of this code has been under consideration for some time because of the favourable acceptance by the public of promotional gimmicks such as T.V. Bingo.

F.M.H.S. Warriors Advance to Northern Alberta Finals

The FMHS Warriors are regional champions as a result of games Saturday and this weekend will be taking part in the Northern Alberta Championship Tournament to be held at the Salisbury High School in Edmonton. The Warriors will be competing with three other teams for the honors and the winners will be going to the Provincial Finals in Camrose March 8th and 9th.

The Warriors won the Regional honors last weekend in a tournament held at the FMHS high school. The Warriors defeated Sangudo in a thrilling final 56-38. Sangudo held a 23-20 lead at half time and a 33-32 lead at the end of the third quarter. The Warriors dominated the fourth quarter as they outscored the Sangudo five 24-5 to win by a comfortable margin.

Dave Hodges' fine shooting for Sangudo kept the Warriors under constant pressure as did the fine play of Stewart Kestelic and Doug Donahu. Sangudo reached the final by defeating Edson in an afternoon contest and the Drayton team by defeating Mayerthorpe.

Ken Bureyko of the Warriors had an outstanding day as he put on a fine display of defensive backboard control besides leading the Warriors offensive in the final contest with 12 points. Keith Sodergren also had a great day doing excellent work from his left forward position. Larry Metelski, Don Bouschard, Doug Ibbotson and Charles Swap also played strong games for the local club and Terry Jevne showed that he is going to become one of the major strengths of this team in the future. The Warriors extending their record to 15 wins against 1 loss.

The Edson girls reached the finals by defeating the Mayer-

thorpe team 27-23 in the afternoon and Onoway gained the right to the finals by defeating the Drayton girls 40-13. Playing well for the Onoway champions were Lorraine Matherson, Joan Bogstad and Marilyn Lafleu.

Senior Citizens Feted

By Mrs. Blanche Jensen

The Moon Lake hall was the scene of a very festive occasion on Wednesday, February 14th, when our senior citizens supper was held.

The hall and tables were tastefully decorated in the valentine theme, and a lovely supper was prepared and served by the Ladies Club of Moon Lake, assisted by the young ladies of the district, while two of our young gentlemen Chester Town and Ricky Kidner acted as hat check boys and assisted the guests with their coats. Mr. Ralph Tufty and Mr. Leo Jensen were there with cars to escort the guests to and from the hall.

The young people entertained with songs and music, and pictures and newspaper clippings of the "younger years" were on display.

We were pleased to welcome a newcomer to our district and to our supper. Mrs. Knowlson is our new neighbor and everyone was pleased to meet her and to welcome her to the district.

Mr. and Mrs. John Moroz were also present. They farmed in the Moon Lake district for many years and upon retiring moved to Evansburg several years ago. They were very happy to meet and renew old acquaintances.

Mr. Fred Cherrington graciously thanked the ladies for the lovely evening on behalf of all there.

We were all sorry to hear of Mr. Bill Cherrington's sudden illness, and he was sadly missed by all at the party. Mrs. Bill Cherrington was present for the supper and had to leave early and that is the reason she is missing from the picture.

Second Hoop Team Formed

Three weeks ago Frank Maddock High School formed a second basketball team for interschool competition so that more students would be able to play the game at this level.

The team has been named the Spartans and it is this team that was defeated by Evansburg on February 9th in Evansburg, not the Warriors, as was reported by this newspaper.

The Spartans will be representing the local high school in tournament play this weekend in Seba Beach.

The following boys are playing with the Spartans. Stefen Hoge, Dan Bartlett, Leske Snell, Cameron Ward, Rodney Schultz, Ron Wilson, Lazlo Torok-Both, Dale Campbell and Lee Hurley.

Men's Bonspiel Gets Underway

The eleventh annual Men's Open Bonspiel will start at 5 p.m. Wednesday, February 21. One of the largest bonspiels in Zone 16, the Drayton Valley Open will again draw 64 men's rinks for the four-day spiel.

Well known Alberta curlers already entered are Lionel Wood, Del McIntyre, and Bill Keely. Former winner Lionel Wood and last year's winner Bill Keely have to be favored to take the Grand Challenge, however don't count out some of the good local rinks. The Bill Fiveland foursome which swept the last A section club draw with ten consecutive wins has to be considered the best local bet. Also watch the rinks of Wickens, McMahon and Vanderploeg.

Six complete events will guarantee prizes for 24 rinks with all rinks entered assured of at least four games. A total of \$2000 in prizes are

Mrs. Hewitt Addresses Group

Despite a trying trip from Edmonton Mrs. Hewitt of the Department of Extension was present here Monday afternoon for the first session in the C.W.L.'s current educational program.

Mrs. Hewitt and her assistant Joanne Shockey were the first on the scene of an accident on Highway 16 near Duffield that claimed one life and injured a number of other persons. They were delayed at the accident scene and did not

make the scheduled 10:00 a.m. start of the class but though understandably shaken Mrs. Hewitt carried on during the afternoon with an interesting and educational lecture.

Fifty-six ladies attended the meeting.

The next program to be presented will be Sister Frances Cabrini's address on "Sex Education for Parents and Teenagers" to be held in St. Anthony's auditorium at 8:00 p.m. on Monday, March 18.

Senior Citizens to Install Officers at Next Meeting

A very impressive ceremony was held Sunday evening, February 18th when Rev. A. MacKenzie was officially installed as pastor of St. Elizabeth's Catholic Parish at Evansburg and the missions.

Air Cadet Committee Meeting

The monthly meeting of the Alberta RCA Cadet Civilian Committee was held at 700 Wing, Edmonton, on February 5th. The meeting was attended by representatives of both

the civilian committee and of officers of local squadron #733.

Discussion centered around the current financial position of the provincial cadet movement. Due to the Federal Government's integration of the armed forces, as well as an overall cut in the defence budget, additional funds must be raised to support individual squadrons locally.

It might be added that joining the cadets does not obligate a cadet to the armed forces beyond participating in what may be termed a "club" designed to promote the best in our future citizens.

The first edition of what is hoped will be a monthly Cadet League News Bulletin was presented for discussion. If response is satisfactory the hope is that it will promote a greater interest among squadrons in Alberta, possibly spreading to other provinces in the future.

Mrs. Margaret Woods, Eddie Woods and Mrs. Jackie Harke attended a wedding in Edmonton Saturday. Margaret's nephew got married.

Also John and Gwen Melnyk attended Gwen's brother's wedding in Entwistle. Bud Bullock married Edna Starling, the daughter of Ted and Vera Starling. Edna will be remembered around Drayton Valley as a good baby-sitter. She and Linda did a great deal of baby sitting when Starlings lived in Drayton Valley. We wish Edna and Bud many happy years together.

John Melnyk was home from Slave Lake for the weekend. We hear Harold Harke is working up at Slave Lake too so Jackie joins Phyllis Kelly and Gwen Melnyk on the grass widow list.

Frank Long is home from hospital wearing a cast. Frank hurt his hand last year and had to have it operated on. He will have the cast on for about two months.

Mike and Mary Kmyta, Keith and Eleanor Davis and Ken and Jean Stewart all attended the dance and supper in Rocky Rapids Hall February 16. The Lariat Gymkhana Club had put on the dance. They raffled off a transistor radio which was won by Arnold Anderson.

A shower was held in Ramona Hall in honor of Miss Linda Valentine on Sunday, February 18th. Linda will marry Danny Hallet on Saturday, February 24th at 2 p.m. in the church in Entwistle. Linda received a variety of lovely gifts. Thanks go to Mrs. Joan Beauchamp for the time and effort she put into making the afternoon a very enjoyable one. Joan had Janice Hallet and Bonnie Martin helping her. Joyce Hallet was home for the weekend to attend the shower. Joyce is working in Edmonton now.

Danny Hallet was home for the weekend too. Dan works at High Level.

Charlotte Swap is working in Edmonton now. We will miss her pleasant smile whenever we go to the White Bull for coffee.

Clippers to Face Edson in Midget 'B' Provincial Series

The Drayton Valley Clippers have entered the Midget "B" Provincial Playdowns in hockey action. The local Midget team under the tutelage of Orest Haydey will play Edson in the opening series of the playdowns. This series like all A.A.H.A. Playdown series is a two game total point affair with each team playing one home game.

The series gets under way next Saturday evening at 8 p.m. at the Centennial Civic Centre when the Clippers face the Edson team in the opening game. The series will be completed one week later in Edson.

The local Midget team here competed in the Hi-Way 16 Midget Hockey League during the past season and have played a pleasing and interesting brand of hockey. Edson will come to town with a formidable team on Saturday and we can look forward to a keenly contested game between those two fine hockey teams.

We have a list of belated birthdays. Birthdays celebrated here in January were Joan Beauchamp, January 9th; Lynn Hallet, Tammy Keely and Charlotte Swap on January 22; Linda Valentine, January 21; Carol Blatkiewietz January 6. Happy Birthday to you all and anyone we missed. Also Happy Birthday to Darlene Stewart on February 6th, Donnie Stewart on February 7, David Kmyte on February 8 and Chrissie Stewart, February 15, and to Connie Swap on February 16.

Wayne Beauchamp was in hospital and lost his tonsils. Hope you are feeling fine now Wayne.

Mr. Karach is out of hospital now and staying with his daughter in Edmonton. Hope you are feeling better Mr. Karach.

Lee Darragh was home Sunday. Lee works out at the Brazeau Dam and Helen works hard at home doing chores and looking after five boys.

I would like to correct the mistakes in last week's paper. Sorry to the Kmyta's for spelling their name wrong. Sorry to John Suk and Bud Sullivan due to my bad writing their names were misspelled. John Plewis also had his name spelled wrong. I also forgot to mention that the Ramona Community women served lunch at the church after Mr. Pastushuk's funeral.

If anyone is making plans to celebrate St. Patrick's Day the Ramona Community League is having a supper and dance March 15th. Get your tickets from any member.

BUCK CREEK

Sympathy of the community is extended to Mr. and Mrs. Walter Stec, Mr. and Mrs. Gordon Steffenson and Mr. and Mrs. George Stec in the tragic loss of their brother Johnny of Lodgepole.

Quite a few from Buck Creek attended the last 20,000 dollar cash bingo in Edmonton, but returned home unsuccessful.

Last week's whist winners were: Ladies High, Juanita Hardin; Ladies low, Mrs. Wagner; Men's high, Mr. Nielson; men's low, Mr. Ken Gaily. Next whist date is February 24.

The ladies club decided to invite their families to a supper on Friday, February 23. The next meeting is to be held in Mrs. Rita Janisewski's home, 4872 - 53 Avenue, Drayton Valley.

A Buck Creek rink skipped by Joyce Stec and with Donna Safronowich third, Mary Rossel second and Pearl Safronowich lead, took first prize in the third event in Breton's ladies bonspiel. Good going girls.

Sorry to hear that the Mike Safronowich rink lost out in the Curl-o-Rama in Edmonton. Better luck next time boys.

An invitational Ladies Bonspiel will be started March 2 and 3 at the Buck Creek rink.

Mr. and Mrs. Kris Steffenson and Dennis were visiting the district last weekend. Nice to see them around.

Mrs. Agnes Regenwetter had her operation. We wish her a very speedy recovery, so we can again enjoy her company.

The flu bug invited himself in several houses. We hope he will leave soon.

All the children are enjoying the valentines which came by mail during the last few days.

We are sorry to hear that Mrs. Gaily's mother passed away.

THANK YOU

Due to the moving of gifts, some cards were lost and therefore we are unable to send some people thank you cards. We would like to thank all those who gave us such beautiful and useful gifts. Shirley and Martin Urchishyn

We wish to express our many thanks to the nurses concerned, Dr. Maclure, and Dr. Lewis for their kindness towards my husband and our father. Also for being so kind to me during my stay there. A big thank you to the Ramona Community for supplying the lunch held in the church basement after the funeral. Also our thanks and appreciation to all our good friends for donating food to the house at the time of our bereavement. A big thank you to all. Mrs. Sophie Pastushuk and family.

We wish to take this opportunity to express our sincere thanks to all those who helped in any way during our recent bereavement. Special thanks to Brenda Elliott, Lois Elliot and Karen Knapp and the boys from J & A Trucking and to Father Lynch and Father Blanche for their kindness. Thanks to all the friends in Lodgepole and all the relatives. Mrs. Carol Stec and children.

IN MEMORIAM

In memory of my Dear mother Mrs. Eugenie Wiebe who passed away September 10, 1966.

"She was a person so very rare, Content with home and always there. Her life was unselfish, for others she lived, not to receive, but only to give"

Sadly missed, dearly loved and ever remembered by her daughter, Mrs. F. Bischoff and family.

Rebels Win First Game in Series with Vegreville

The Drayton Valley Rebels may not have had a winning season in the North Central Alberta Hockey League but they served notice that they mean business in the Alberta Provincial Playdowns. The Rebels, entered in the Playdowns at the Intermediate "C" level, opened their first series with Vegreville last Sunday in that centre and came home with a 3-1 victory and a two goal lead in the two game total point home and home series. The second game will be played in Drayton Valley next Sunday afternoon at 2:00 p.m.

In last Sunday's game the Rebels had a wide territorial edge in play throughout the game. The Vegreville team however kept the score down and threatened in the third period when the Drayton squad ran into a rash of penalties.

The first period was scoreless but the Rebels came close time and again. Early in the second big Rod Colbert put the Rebels in the lead but the Vegreville squad bounced back to tie the score so that it was

1-1 after two periods of fast action. Early in the third session, Dave Boulter, the towering point man with the bullet drive, dented the twine for the Rebels and it was 2-1. The Drayton team continued to exert pressure on the home team. A series of penalties hampered the Rebel drive and Vegreville went all out to tie

the game but Barry Pankewicz and his defenders were equal to the occasion to keep the Green and White citadel clear. Shortly after this storm had been weathered by the Rebels defending crew, Doug Hall settled matters for once and for all with the final goal of the afternoon to give the Rebels their 3-1 victory.
